

Inverted Pyramid of Impact

This pyramid will help you incorporate SEL and CRI frameworks into your guided inquiry and scaffolding questions. It is important that students recognize various levels of impact and how they relate to one another beyond basic cause and effect.

- How does this change the world?
- How are people far away potentially impacted?

- What are the social implications?
- Economic?
- Political?
- Legal?

- How does this affect people around me?
- Who does this impact? How?
- How would this change the way people live day to day?

- How does this affect me?
- How do I feel about this?
- What are my thoughts?
- What are my questions and wonderings?
